1. The configuration colors are different in different regions, please refer to the ones provided by the specific region.  
2. The raised part of the camera is not included when calculating thickness. Actual size and weight may vary due to product configurations, manufacturing processes, and measuring methods.

3. Data from HONOR labs. The actual weight may vary depending on the configuration, manufacturing process, and measurement method.

4. The phone is not professionally water resistant. It is splash-proof, water-resistant and dust-proof under normal use. It has been tested under controlled laboratory conditions and reaches the IP65 level in accordance with GB/T 4208-2017 (China) / IEC 60529 (international) standards. Splash, water, and dust resistances are not permanently effective, and the protective performance may decrease due to daily wear and tear.

5. With a rounded corners design applying on the display, the diagonal length of screen is 6.77 inches, when measured according to the standard rectangle (the actual viewable area is slightly smaller).

6. This phone has obtained the Swiss SGS Premium Performance Certification for Drop & Crush Resistance, complying with SGS's reliability technical specifications. As a precision electronic product, there is still a risk of damage if the phone falls. Please be careful to avoid drops or collisions.

7. The actual refresh rate may vary depending on different application interface and gaming images. Please refer to the actual scenario.

8. The resolution measured as a standard rectangle; thus, the effective pixels are slightly less.

9. Storage versions listed in each region differ. Due to the phone software occupying some space, the actual available storage capacity is less than this value.

10. The rear main camera is a 50MP camera. Actual image resolution may vary depending on the shooting mode.

11. Battery rated at 6350mAh with a typical capacity of 6500mAh.

12. It supports maximum 35W wired charge, 35W HONOR charger and cable are required. Actual charging speed may vary depending on environmental conditions and other factors.

13. The availability of dual stand-by may vary by region.
